Design

## ABOUT

Completed a Diploma of Building Design at Southbank TAFE Institute of Technology and a Honours Bachelor of Architectural Design at QUT. Currently enrolled and studying a Masters of Architecture at QUT with the intention of completion in 2022. During my Bachelor I completed a minor in Residential Construction and electives in Town Planning (Urban Design). When not drafting and designing, enjoy playing piano, indoor cricket and running. I pride myself in being a diligent worker and a team player, always striving to learn and grow my skills and knowledge.
